

SUPALERK CHAONCHOM

UX/UI & Product Designer

jeenosupalerk@gmail.com | 097-956-3556 | Supalai Veranda Sukhumvit 117

SUMMARY

UX/UI & Product Designer with 5 years of experience specializing in complex Enterprise, Fintech, and EdTech ecosystems. Expert in AI-augmented workflows (Claude, CodeX) and 'Vibe Coding' for rapid high-fidelity prototyping. Proven leader in establishing scalable Design Systems, gathering client requirements, and driving agile design teams to deliver high-impact digital solutions.

CORE SKILLS

- UX/UI & Research: Client Interviews, Design Sprints, Usability Testing, User Flows.
- Design Systems: Design Tokens, Figma Variables, Component Libraries, Developer Handoff.
- AI & Prototyping: Claude/CodeX (Skill.MD/Sub-agents), Lovable.ai, Google Stitch, Vibe Coding.
- Product Domains: Enterprise ERP/CRM, Fintech, EdTech Platforms, POS Systems.

PROFESSIONAL EXPERIENCE

INFOPRO BUSINESS SOLUTION CO., LTD. 2024 - PRESENT
UX/UI DESIGNER & PRODUCT DESIGNER

- Lead the end-to-end design strategy for complex Enterprise ERPs, EdTech platforms (MySuccess with 1,000+ users), and Fintech systems.
- Collaborate directly with clients to extract business requirements and translate them into optimized User Flows and Wireframes.
- Engineer custom AI Sub-agents (via Claude/CodeX) to automate UX research and wireframe ideation, significantly reducing time-to-market.
- Build functional, high-fidelity prototypes using Lovable.ai, Google Stitch, and Make.ai for instant real-world usability testing.
- Establish and tightly regulate the centralized Design System and Design Tokens to ensure visual consistency across all multi-tenant platforms.

ASIA MOBILE ERA CO., LTD. 2021 - 2022
UX/UI DESIGNER & WEB DESIGNER

- Analyzed website metrics and behavior analytics to audit and redesign web layouts, resulting in significantly optimized navigation and an improved user conversion rate.
- Web & Asset Development: Architected responsive WordPress websites and designed premium digital marketing materials.
- Architected and constructed fully responsive corporate websites using WordPress, HTML, and CSS.
- Designed premium digital banners and promotional marketing materials for digital campaigns.

DBATER CO., LTD. 2019 - 2021
UI DESIGNER & MEDIA DESIGNER

- Crafted professional corporate web designs using Adobe Photoshop, focusing heavily on user interface layout, brand alignment, and visual hierarchy.
- Participated actively in the quality assurance phase of the company's web applications to identify UI/UX bugs, providing structured feedback and alignment reports.
- Managed the company's internal data center, diagnosed software alignment issues, installed internal ERP modules, and managed Line Official Accounts (Line OA).

EDUCATION

Diploma of Leadership Management | Australian Pacific College 2023 - 2024 | Australia

Bachelor of Information Technology | Thai-Nichi Institute of Technology 2015 - 2019 | Thailand
